ACCESS GUIDE

WELCOME TO SEAWORLD SAN DIEGO, CA

We're glad you're here! This guide provides an overview of services and facilities available for guests with disabilities who are visiting SeaWorld® San Diego. We are committed to providing a safe and enjoyable environment for all guests. Please inquire at Guest Services or ask a ride operator if you have any questions.

At SeaWorld we have two programs in place to assist guests with disabilities. Our Ride Accessibility Program (RAP) matches the individual abilities of our guests to the requirements of each ride. When enrolled in RAP, disabled guests will be able to participate in our Special Access Program which assists guests in enjoying attractions throughout the park as some queue lines are not accessible to mobility-impaired guests. These programs are described below.

Ride Accessibility Program (RAP): Is designed to allow guests to fully participate and enjoy our parks while keeping in mind the safety requirements of our rides and attractions. The Program was developed based on the requirements of the manufacturer and by evaluating the physical and mental attributes required to safely ride each ride and participate in other attractions. It is our policy to allow anyone to ride our rides and enjoy our attractions as long as they meet all these requirements and such that it does not present a potential hazard to the guest or others.

Special Access: Is designed to allow our guests to enjoy our attractions without waiting in queue lines if the guest is not able to do so due to his/her disability. Guests will be placed in a Virtual Queue which equals the estimated wait time at that respective location. Guests have the ability to enjoy other attractions throughout the park during this time and then proceed to the specific attraction at the estimated time.

NOTICE: The information in this guide is subject to change without notice. Please feel free to visit Guest Services for current information on accessibility and services. You may also contact a team member regarding accessibility prior to boarding a particular attraction.
